The privilege of matriculated students to transfer courses into Widener University is limited by the policy as stated in the Undergraduate Catalog, which includes the following restrictions:

- 1. A maximum of nine credits may be transferred into Widener from other accredited institutions after a student matriculates at Widener.
- 2. A minimum grade of C must be earned to have the credits transferred to Widener. This precludes taking a course on a pass/no pass basis.
- 3. For School of Nursing students, a minimum grade of B must be earned in a course to have the credits transferred. This precludes taking a course on a pass/no pass basis.
- 4. The last 45 credit hours required for graduation from Widener must be taken in a baccalaureate School or College of Widener.*
- 5. Courses once attempted at Widener cannot be repeated at another institution without the permission of the student's school of college dean and in no case can the repetition affect the Widener University cumulative average.

*Residency Requirement:

All candidates for degrees must take their last 45 semester hours in a Widener baccalaureate school or college. Military personnel who are forced to transfer as a result of change in duty assignment may fulfill the 45 semester hours residency requirement at any time within their programs. Exceptions may also be made for full-time students to take courses at another institution during the summer prior to the senior year subject to prescribed conditions. A minimum of 50 percent of credits in the student's major must be taken in residence at Widener. Credit by examination may not be included in the 50 percent. Additional requirements may be set by the student's school or college.
